Summary

Enthusiastic beginner designer with growing skills in UX/UI and digital tools like Figma and Photoshop. Passionate about creative problem-solving, visual storytelling, and eager to learn while contributing fresh ideas.

Education

Alva's Institute of Engineering and Technology <i>Bachelor of Engineering</i>	2023 – 2026 (Current) <i>CGPA: 8.8</i>
Base PU College <i>Pre University</i>	2021 – 2023 <i>Score: 84%</i>
S Cadambi Vidya Kendra <i>High School</i>	2021 <i>Score: 89%</i>

Skills

Programming Languages: Python, Java, C/C++, HTML, CSS, JavaScript
Domains: Machine Learning (Intermediate), Computer Vision (Basic), Front-End Development
Tools & Libraries: NumPy, Pandas, Git, GitHub, Adobe Photoshop, Figma
Soft Skills: Collaboration, Problem-solving, Communication, Time Management

Projects

Archaeo-Climate: Integrated Heritage Risk Assessment System | *Personal Project*

- Developed an archaeological site climate risk predictor to assess and monitor environmental threats.
- Designed intuitive UI/UX and implemented the robust backend system using Python and Flask.

Interactive Hologram Pyramid Display | *Personal Project*

- Developed an interactive hologram pyramid display system.
- Implemented dual-device control functionality for seamless real-time interaction.

VFXStream | *Personal Project*

- Engineered a Real-Time Layered Video and Background Synthesis Engine.

Student Performance Prediction Web App | *Personal Project*

- Built a web application utilizing Machine Learning models to predict student academic performance.

ONNX-Powered Image Stylization Application | *Personal Project*

- Created an application for advanced image stylization leveraging efficient ONNX models.

ML-Powered Financial Operations Dashboard | *Personal Project*

- Designed and implemented a data-driven dashboard for optimizing financial operations using Machine Learning.

Certifications

- Introduction To Graphic Design
- Introduction to Artificial Intelligence (AI)
- Computer Networks and Network Security

Languages

- English, Hindi, Kannada
